

# COVID-19 Bulletin

 Southcoast Health

Exclusively for the employees  
of Southcoast Health

*October 11, 2021*

*Greetings, Southcoast Colleagues.*

In this Bulletin, you will find the following:

- **Deadlines for first doses of Moderna and Pfizer vaccines**
- **Deadline for flu vaccine: November 15**
- **REMINDER: Where to get vaccinated for COVID-19 and flu**
- **STATUS REPORT: COVID-19 cases**

Please scroll through the entire Bulletin for these updates, and be sure to visit Southcoast's redesigned [COVID-19 Employee Hub](#).

*Thank you.*

---

## **Deadlines for first doses of Moderna and Pfizer vaccines**

**Reminder: The deadline to be fully vaccinated against COVID-19 is November 15.**

If you have NOT received your first dose of the COVID-19 vaccine and you are planning on receiving either the Pfizer or the Moderna vaccine, then **you need to get your first dose of Moderna by October 18 or your first dose of Pfizer by October 25** to be in compliance with Southcoast's [vaccination policy](#).

Both the Pfizer and the Moderna vaccines require two doses for full vaccination. Because the J&J vaccine requires only one dose, the deadline to receive this brand is November 15. A booster shot is not required to meet Southcoast's vaccine policy.

Employees who are not fully vaccinated by November 15 will be subject to corrective action up to and including termination of employment.

---

### **Deadline for flu vaccine: November 15**

**Employees are required to receive the flu vaccine by November 15** (the same deadline date as for full COVID-19 vaccination).

**The exemption process for the flu vaccine is being finalized. Employees will be notified when that process is complete and exemptions can be requested.**

Reminder: The flu and COVID vaccines can be administered at the same time. There is no set waiting time required between receiving the flu vaccine and the COVID-19 vaccine. However, it is recommended that the vaccines be given in separate arms, not the same arm to lessen the chance of a localized reaction. Please note, COVID-19 vaccination IS NOT available at employee flu clinics.
