New Media Release Form on PeopleSoft

Southcoast employees can now sign a universal media release on PeopleSoft.

This new agreement allows Southcoast Health employees to sign ONE TIME as opposed to filling out numerous paper releases in the event they are featured in a video, audio clip, or photo submitted to, or taken by the Brand and Strategy Division.

All Southcoast Employees are encouraged to acknowledge the agreement with consent or non-consent even if they have filled out a paper form in the past.

New Employees will have the opportunity to sign during the onboarding process.

To access the form, read the agreement and acknowledge, please refer to the attached [Tip Sheet](#) and look for the icon below in PeopleSoft employee self-service.

Consenting to the form allows Southcoast Health to use video, audio, and photography of Southcoast Health Employees in:

- Social media posts
- Website content
- Marketing materials
- Internal communications such as the Southcoast Weekly
- Additional forms of Southcoast Health content

For additional questions, please contact Maureen Boyle, Digital Marketing Content Specialist at BoyleMa@southcoast.org or 508-973-5281.

 Southcoast Health

More than medicine.
