

MyChart Parental Access Information Sheet

Patient 12 to 17 Years of Age

Southcoast recognizes that the parent or legal guardian of a Southcoast patient who is a child 12 to 17 years of age may have limited proxy access to the patient's medical records online via MyChart. Southcoast further recognizes that a patient who is a child 12 to 17 years of age may access their own medical records online via MyChart. Once the MyChart account is established with parental permission, a patient who is a child 12 to 17 years of age may access their own medical records online via MyChart.

Parents/legal guardians seeking proxy access to a Southcoast patient's medical record online through MyChart by submitting a **MyChart Parental Access Authorization Form: Patient 12 to 17 Years of Age** must adhere to the following conditions:

- + Parent or individual requesting access must have legal guardianship rights.
- + MyChart Parental Access Authorization Form: Patient 12 to 17 Years of Age must be completed and signed (the signature of only one parent is required).
- + Parent/legal guardian must log into MyChart with their own User ID and Password if they request access to their child's MyChart online record.
- + Communications between a provider and the patient must be sent from the patient's MyChart record and will never be made available to a parent or legal guardian through proxy access to the patient's MyChart record.
- + Parent/legal guardian must agree to abide by the terms and conditions of the MyChart site if they request access to their child's MyChart online record.
- + **MyChart is not to be used in an emergency.**

Due to privacy laws that provide heightened confidentiality for certain types of medical information with patients 12-17 years of age, the parent/legal guardian proxy access for this age group is restricted to the following:

- + Allergies;
- + Immunization records;
- + Growth charts;
- + Family history;
- + Insurance coverage information that does not include any claims-specific information; and
- + Scheduling appointments.

Parent /legal guardian proxy access to a patient's record is revoked when:

- + Patient turns 18 years old.
- + Patient advises Southcoast of his/her emancipated status.
- + Any disputes involving parents, legal guardians or children cannot be resolved.

Parents/legal guardians with a MyChart Account will receive a MyChart message when access to the patient's record becomes available, typically 5 to 7 business days following receipt of a completed authorization form.

Note: Proxy access to the online record of a patient who is a child 12 to 17 years of age is only available to birth/adoptive parents or individuals with legal guardianship, and is restricted in accordance with applicable laws. A separate authorization form is required for each child.

MyChart Parental Access Application

MRN: _____

Parent of Patient 12 – 17 Years of Age Access to the Southcoast Health Electronic Medical Record

MyChart Parental Access Application

Parent of Patient 12 – 17 Years of Age Access to the Southcoast Health Electronic Medical Record

Optional: Second Parent/Legal Guardian

I hereby request access to my child's MyChart online record. Please contact me at the email/ mailing address above to establish MyChart access.

(Please initial): Yes _____ No _____

Parent/Legal Guardian Signature

Date

To be completed by the PATIENT:

I hereby agree to allow my parent/legal guardian, named above, online access through MyChart to my medical information currently available and that may become available as a result of future medical care. I understand that MyChart will not display medically sensitive information to my parent/legal guardian, and that my parent/legal guardian will only be given proxy access through their MyChart account to information related to my allergies, immunization records, growth charts, family history, and a description of my insurance coverage that does not include any visit-specific or similar claims information.

I understand that my parent will not be provided full proxy access to my medical information, but that my parent may still access certain protected information – with my consent if required under applicable law – by contacting Southcoast's Health Information Management Department as set forth below.

Signing this authorization allows me to obtain an activation code to review my patient information in MyChart.
